The purpose of our Spanish Summer club is to 'take the children around the world visiting countries that speak Spanish and to learn more about their culture in a fun and engaging way.'

Day 1 – Spain

Day 2 – Mexico

Day 3 and 4 – South America (Brazil, Colombia, Argentina, Chile, Peru and Ecuador)

Each day we will be sharing interesting facts about each country/region like population, capital, currency, where it is on the map and any interesting/popular places to visit.

In no particular order, the activities that will be incorporated into the four days are as follows where we will be weaving Spanish into as many of the activities as possible:

- Dressing up in Spanish dress
- Learning a bit of Spanish dance
- Cold cookery (bocadillo con jamón o manchego, nachos con salsa)
- Playing games like piñata, bingo
- Crafts such as making a paper plate sombrero, flags
- Other activities (games, songs and stories) that are representative of that country/those countries.

On Monday we will be making a ham and/or Spanish cheese sandwich with nachos and salsa dip to eat for lunch. This includes tomatoes, onion, garlic, a little oil, lemon juice and a little salt.

For Tuesday, Wednesday and Thursday please arrange a packed lunch plus any snacks for break time for your children..
